RE: Marine Corps Base Camp Lejeune NPL Site  
HPIA Shallow Aquifer  
Jacksonville, North Carolina

Dear Ms. Berry:

EPA has received and reviewed the Draft Final Remedial Action Work Plan dated June 14, 1993, for the Shallow Aquifer at the Hadnot Point Industrial Area Operable Unit. This letter serves as approval of the document. EPA did have one relatively minor comment. On page 1-1, the roles of EPA and the State in support of the Remedial Action construction and operation should be mentioned.

If you have any questions or comments, please call me at (404) 347-3016.

Sincerely,

Michelle M. Glenn

Dear Ms. Berry:

EPA has received the document titled "Final Basis of Design Design Report for the Shallow Aquifer at the Hadnot Point Industrial Area Operable Unit" dated June 18, 1993. EPA concurs with the document as submitted. This concurrence is based on the assumption that comments provided to the Navy on the 90% complete design report have been satisfactorily resolved.

If you have any questions or comments, please call me at (404) 347-3016.

Sincerely,

A handwritten signature in cursive script that reads "Michelle M. Glenn". The signature is written in black ink and extends across the width of the page.
