Dear Ms. Saksvig:

Enclosed herewith are three (3) copies of the subject plan for your review and approval. As we discussed today, comments will be returned by January 31, 1995.

We have solicited quotations for the well installations and are in the process of preparing consent packages for the approval of the Contracting Officer. The proposed equipment for the SVE System is OHM owned and available for use on this project.

Thanks for your cooperation in attaining a quick turnaround.

Very truly yours,
