From: Commanding General, Marine Corps Base, Camp Lejeune
To: Principal Deputy Assistant, Secretary of the Navy
(Ms. Kanderas), 1000 Navy Pentagon (Room 4E265),
Washington, D.C. 20350-1000

Subj: RECORDS OF DECISION (ROD) FOR OPERABLE UNIT (OU) #1 AND
#5, AND INTERIM ROD FOR OU #10

1. I am pleased to announce the signing of RODs for OU #1 (sites #21, #24, #78); OU #5 (site #2); and an Interim ROD for OU #10 (site #35). In the last two years our Installation Restoration (IR) Program has prospered due to improving relationships with the Environmental Protection Agency, Region IV; and the State of North Carolina. Atlantic Division, Naval Facilities Engineering Command has also played an important role in the success of our IR Program by providing adequate Defense Environmental Restoration Account funds, as well as superior staff support.

2. In the last two years, the diversified staff working within the IR Program has satisfied regulatory requirements, overseen the signing of RODs for 9 sites, and is currently working toward the signature of RODs for an additional 11 sites in FY 95. This will account for 18 of the 34 IR sites for which final RODs will have been signed by the end of FY 95. Additionally, we have completed two Time Critical Removal Actions this year.

3. Marine Corps Base, Camp Lejeune would like to extend our appreciation to all who support our IR Program and we look forward to sustained excellence in the future.

4. If you have any questions or comments, please contact Mr. Robert L. Warren, Assistant Chief of Staff, Environmental Management Department, at telephone (910) 451-5003.
