Re: Addition of OU Number 14 to MCB CLJ Installation  
Restoration Program at Marine Corps Base Camp Lejeune  
(MCB CLJ)

Dear Ms. Townsend:

This letter is to inform you, as required by the Marine Corps Base, Camp Lejeune, Federal Facilities Agreement, Site 69, previously included in Operable Unit (OU) Number 4 now constitutes OU Number 14.

The decision to create OU Number 14 was made with EPA Region IV (Ms. Gena Townsend), NCDEHNR (Mr. Patrick Watters) and the Navy/Marine Corps (Ms. Linda Saksvig, Mr. Neal Paul) consensus during the February 15-16 1995 partnering meeting based on the results of recent sampling analysis and the need for a treatability study. The timelines for completion of the CERCLA process at OU Number 14 will be forwarded to you in the near future.

Sincerely,

L. G. SAKSVIG, P.E.  
Acting Section Head  
Installation Restoration Section  
(South)  
Environmental Programs Branch  
Environmental Quality Division  
By direction of the Commander
