CAMP LEJEUNE, NORTH CAROLINA 28542-0004

IN REPLY REFER TO:

**BEMD**

**26 JUN 1997**

Mr. William Hocutt  
North Carolina Department of Environment,  
Health, and Natural Resources  
Division of Solid Waste Management  
401 Oberlain Road  
Suite 150  
Raleigh, North Carolina 27605

Dear Mr. Hocutt:

As discussed in your telephone conversation with Mr. Mick Senus on June 12, 1997, enclosure (1) is submitted for approval to transport and dispose of debris generated at Marine Corps Base (MCB) Camp Lejeune, Lot 203, to the base sanitary landfill. The debris consists of wood, plastic hoses, black rubber rafts, concrete, rubber, track pads, and scrap metal. A copy of a site map for Lot 203 is included as enclosure (2).

Also discussed was the transport and disposal of eight truck loads of yellow rubber rafts. These rafts are not included in the enclosure and will be handled separately because of minimal cadmium contamination as identified in enclosure (3). Our plans are to transport and dispose of these rafts at a commercial lined landfill located in Sampson County.

If you have any questions or comments, please contact Mr. Mick Senus, Installation Restoration Division, Environmental Management Department, at telephone (910) 451-5068.

Sincerely,

A handwritten signature in black ink, appearing to read "Scott A. Brewer".

**SCOTT A. BREWER, PE**  
Deputy Assistant Chief of Staff  
Environmental Management  
By direction of  
the Commanding General
