Dear Colonel Dalzell,

Thank you for your letter regarding the Superfund Amendments and Reauthorization Act. I appreciate you informing the City of Jacksonville of this Act and of its requirements. I have spoken with Jerry Bittner, City Manager, about the Technical Review Committee and I would like to nominate him to represent the City on this committee.

If you have any questions or would like to set up an appointment with Mr. Bittner, please feel free to contact him. He will be an active member, and I trust that he will be an asset to the goals of the TRC.

Sincerely,

George L. Jones
Mayor
