Re: Contract N62470-89-D-4814
Navy CLEAN, District III
Contract Task Order (CTO) 0160
RI/FS Project Plans for Operable Unit No. 7 & 10
MCB Camp Lejeune, North Carolina

Dear Ms. Berry:

Enclosed are three (3) copies of the Draft RI/FS Sampling and Analysis Plan (SAP) for Operable Unit No. 7 (Sites 1, 28, and 30) and Operable Unit No. 10 (Site 35). The SAP includes both the Field Sampling and Analysis Plan (FSAP) and the Quality Assurance Project Plan (QAPP). The submission of these documents completes the Project Plans for Operable Units No. 7 and 10, that includes the Draft RI/FS Work Plan and Health and Safety Plan (HASP) previously submitted on June 30, 1993.

Copies of these reports have been forwarded via express mail to Mr. Neal Paul (MCB Camp Lejeune), Mr. Peter Burger (North Carolina DEHNR), and Ms. Michelle Glenn (EPA Region IV). In addition, copies of the referenced documents have been forwarded via certified mail to the members of the Technical Review Committee (TRC).

In accordance with the project schedule, comments to the Draft Work Plan and Health and Safety Plan are due no later than August 5, 1993. This would give Baker three weeks to revise the report and submit the Draft Final Project Plans on or before August 25 (the contractual submittal date).

If you have any questions, please do not hesitate to contact me at (412) 269-2063.

Sincerely,

BAKER ENVIRONMENTAL, INC.

Daniel L. Bonk, P.E.
